

World map showing the distribution of COVID-19 cases by country. The map uses color-coding and numbers to represent the number of cases. Russia is highlighted in red with a '1'. The United States is highlighted in green with a '12'. India is highlighted in teal with a '1'. South Korea is highlighted in light blue with a '3'. Argentina is highlighted in orange with a '1'. The United Kingdom is highlighted in purple with a '1'. The map is credited to Mapbox and OpenStreetMap.

A bubble chart illustrating the relative number of speakers for various languages. The bubbles are colored and labeled as follows:

- Hindi**: Large green bubble at the top center.
- English**: Large orange bubble at the bottom center.
- Spanish**: Medium grey bubble at the top left.
- Korean**: Medium teal bubble on the right side.
- Other languages represented by smaller bubbles: pink, light green, blue, light blue, brown, yellow, red, and orange.
